

# When playing with your child...

**Be face-to-face**

**Watch to see what your child is interested in**

**Join in and play. Follow your child's lead and play their way**

**Make comments on what your child is doing. "You're using lots of colours."  
Add words to what your child says.  
Child: "Yellow."  
Parent: "You're painting with yellow paint."**
